## About Me

Motivated Junior Front-End Developer with a degree in Information Management and experience in analytical roles. After mastering HTML, CSS, and JavaScript, I am currently expanding my technical stack with React. I am looking for an opportunity to gain practical experience, continue learning, and grow within a professional web development environment.

## Languages

Slovak - Native  
English - B2 (Upper-Intermediate)  
Russian - A1 (Beginner)

## Skills

- HTML5, CSS3, JavaScript, React (learning), Git, GitHub and SQL
- Analytical thinking and attention to detail
- Data processing, reporting, and internal systems
- Problem-solving mindset
- Good communication and cross-team collaboration skills
- Reliable, organized, and quick to learn

## Education

- Master of Information Management** Sep 2020 - Aug 2022  
University of Economics in Bratislava  
*Faculty of Economic Informatics*  
Focused on information systems, data analysis, business processes, and management.
- Bachelor of Economic Informatics** Sep 2017-Aug 2020  
University of Economics in Bratislava  
*Faculty of Economic Informatics*  
Focused on data processing, information systems, economics, and business informatics.

## Work experience

- Space Manager** Jul 2022 - Oct 2025  
BILLA s.r.o.
  - Worked with the company's internal information system
  - Prepared reports, analyses, planograms, and floor plans according to company standards
  - Collaborated with other departments to achieve shared goals
  - Processed and analyzed data used for planogram optimization
  - Identified data issues and suggested solutions
  - Provided email and phone support to store branches regarding planogram and layout issues
- Trainee Program** Oct 2021 - May 2022  
BILLA s.r.o.
  - Provided administrative support to assigned departments
  - Assisted with the preparation of pricing analyses, research, and reports
  - Worked with Excel spreadsheets and the company's internal system
  - Carried out specific tasks based on the needs of the assigned department

## Projects

---

### PORTFOLIO WEBSITE

Personal portfolio website built to showcase my skills and projects as a junior front-end developer.

Features bilingual support (EN/SK), responsive design, hamburger menu, and a contact form with validation.

**GitHub:** [github.com/hbibiana/portfolio-website](https://github.com/hbibiana/portfolio-website)

**Live demo:** [hbibiana.github.io/portfolio-website](https://hbibiana.github.io/portfolio-website)

### TO DO LIST

A To-Do app created to practice working with the DOM, events, rendering data from an array, and fetching data from a local JSON file using Fetch API.

It includes bilingual support (EN/SK), adding, filtering, editing, and deleting tasks, marking tasks as completed, a font style selector, and saving data to localStorage.

**GitHub:** [github.com/hbibiana/to-do-list](https://github.com/hbibiana/to-do-list)

**Live demo:** [hbibiana.github.io/to-do-list](https://hbibiana.github.io/to-do-list)

## Courses & Certifications
